A5 icon die cut

Bin icons are die cut and should be no larger than A5 in size.

Heading panels

Headings should be printed using one of the WasteSorted colours.

Font is VAG rounded black. Words can either be printed on individual panels or multiple words on a panel.

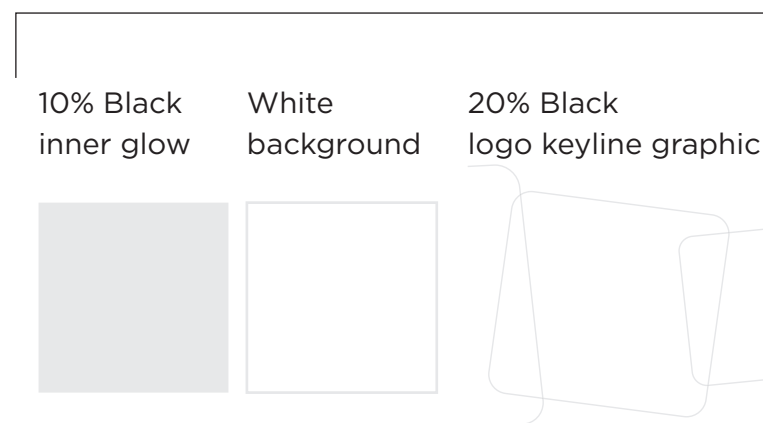

Bin die cut

Bins should be at actual size for the booth templates.

Drop off centre die cut:

BOOTH

The interactive display is a fun and engaging way to get people to familiarise themselves with the new bin system by placing the icons on the correct bins.

The icons, bins and labels can be attached using male Velcro if your booth walls are fabric. Otherwise, Velcro or magnetic vinyl may be used.
