

Be a **GREAT Sort** by placing items inside the correct bin.

Consider your neighbours when using shared bins.

To replace broken bins or check if you have enough bins for your apartment building please contact your Building Manager. They are there to help.

Recycling is easy!

Just these 5 things:

- ✓ Paper
- ✓ Cardboard (flattened)
- ✓ Cans
- ✓ Plastic bottles and containers
- ✓ Glass bottles and jars

Small plastic drink lids cannot be recycled in the recycling bin, so take them to a special collection point or put them in your general waste bin.

Please flatten large cardboard boxes before placing them in the recycling bin located in the bin storage area.

Take to a drop-off

Household Hazardous Waste (HHW), batteries, paints, chemicals and e-waste cannot go in any bin. Take them to a specialist drop-off point.

Find your nearest drop-off at recycleright.wa.gov.au/find-my-nearest/

Kitchen caddy instructions

Use your kitchen caddy to collect food scraps before taking them to the FOGO bin. Empty and remove all food packaging.

1. Caddy

Line your caddy with a certified compostable liner. These are provided by your local government.

2. Food scraps

Put in food scraps including fruit and vegetable scraps, meat, dairy, bread, coffee grounds, eggshells and out-of-date food.

3. FOGO Bin

After 2-3 days, or when your liner is full, put it in your lime-green lidded FOGO bin.

If you have just moved into your apartment you will be provided with:

- Certified compostable caddy liners
- Fridge magnets
- Waste and Recycle guide

Contact your Building Manager if you don't have these.

Moving out? Please make sure your kitchen caddy is left behind when you move out of the apartment.

Run out of liners? If you run out of caddy liners contact your local government.

Getting WasteSorted in my apartment

A guide to using your three-bin FOGO system

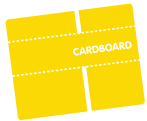

What goes in your Recycling bin?

Recycle these 5 things

Paper

Cardboard
(flattened)

Cans
